GAME DAY PROCEDURES

Update to the look of the Game Day Match Card

New style Game Day Match Card

Starting this fall, WMYSA will be using the Photo Match Cards for all matches. This means your team roster will be the only one on your sheet. We are no longer using the Match Card sheet which shows both teams on the roster. The WMYSA Rules & Regulations of Game Day Procedure has been for both teams to print and bring a copy of the Game Day Match Card sheet for the referee. There is no change in the rule of what teams are required to submit to the referee; however, too many teams were not submitting their copy.

Moving forward it will be imperative to follow game day procedure rules and every team print out their match match sheet. Not having your match card sheet to give to the referee will result in a violation and sanctions.
